- › Annual cost of weekly meals for 80 children at our second Cuba program, Pastor Fiffe's church.

*Bringing hope and love to vulnerable children and their families.*

### WHY CUBA

The recent improvement of relations with the U.S. has provided a historic opportunity to support the work of the Church in Cuba which has exploded in recent years. Thirty years ago, 1% of the population attended weekly services, by 2004 that number reached 20%, and the growth since has been described as “miraculous”, akin to biblical times; the more resistance God’s people faced, the faster the Church grew.

Many families live off around \$20 per month. Parents have difficulty providing for their children, and many go to bed hungry each night. That’s why our program is so critical.

### OUR PROGRAM | GOOD SAMARITAN’S CLUB, CUBA

We’re currently serving around 140 children in Cuba, providing them with a weekly nutritious meal, tutoring assistance, and spiritual instruction. Most importantly, we’re teaching them about God’s love, guiding them on their path to follow Jesus, and helping them to realize their full God-given potential.

By supporting the work of the Church in Cuba, we’re not only providing practical assistance to those in need but also offering a message of hope and love that transcends material circumstances

### GABRIEL AND LEIDIS

#### Program Coordinators, Good Samaritan’s Club, Cuba

Gabriel and Leidis were both born and raised in Cuba. They grew up in different places and met at the former Teachers Training College in Santiago de Cuba. Both Gabriel and Leidis were baptized in 2006. A month later, they began serving the Lord in different areas in their church.

Gabriel has served as a Sunday School youth and adult teacher, as a local missionary, and church administrator. He is currently teaching youth Sunday School and is the leader of his church’s Evangelism Team.

Leidis is serving as Church Secretary and Women Ministry leader. They have both served at retreats and camps with children from their church.

They continue to pray over new ways they can serve the Lord in their community.
