Bitcoin, Ethereum and Other Tax-Wise Gifts

Convert virtual investments into real, tax-wise Kingdom impact by giving cryptocurrency to Forward Edge!

Are you among the growing number of Christians who have experienced fruitful investments in Bitcoin, Ethereum or other cryptocurrency? You have a smart and powerful way to give in a substantial way AND reduce your taxes!

Cryptocurrency is subject to capital gains tax. The more it grows in value, the more you will owe when you sell it.

When, however, you give bitcoin or other cryptocurrency,* you'll receive an immediate charitable deduction at the time of your gift. You will also avoid the tax bill you would have faced at the time of sale.

** You must have owned the cryptocurrency for at least one year to be eligible for a full charitable deduction.*

Simple, Tax-Wise Giving

Forward Edge partners with Barnabas Foundation to simplify your process of giving cryptocurrency.

DONOR

You transfer your cryptocurrency into Barnabas Foundation's wallet.

Barnabas Foundation liquidates your gift into U.S. dollars and sends the funds directly to Forward Edge.

- **Convenient.** Give in a substantial way without affecting your cash flow.
- **Impactful.** Because charities are exempt from income taxes, the entirety of your gift will go to ministry!
